

## Loughborough University Consulting Society Deloitte Case Study Challenge 2014

Deloitte present you with an insight into life as a management consultant, an opportunity to test your consulting skills and a chance to win £100\* worth of Amazon Vouchers.

The offline case study challenge has been prepared by Deloitte Consultants and is exclusively for Loughborough University students to enter. Your entry will be reviewed by Deloitte Consultants and the winner will receive £100 worth of Amazon Vouchers.

### The challenge:

In the aftermath of the financial crisis, both domestic and international regulators have been increasing the quantity and demand of the regulations placed on financial institutions. One of your clients, a leading bank with branches throughout Europe, has become concerned they do not know enough about these regulations or how their business should be tackling them. The bank's financial controller has contacted Deloitte Consulting to ask if we can advise them on the challenge they face.

Your lead Partner is keen for the firm to help the client, and has asked you to put together a presentation for their review prior to engaging with the client. Your presentation should include two elements:

- i) What are the key challenges the client faces in respect to the above; and
- ii) What are some of the challenges Deloitte will face when working with the client

### Entry Format:

Your answer should be submitted as a Microsoft PowerPoint presentation and should be no more than 8 slides. You will be judged on both the content (75%) and format (25%) of your submission.

### Entry Submission & Deadline

Submissions should be sent via email to [rfarquharson@deloitte.co.uk](mailto:rfarquharson@deloitte.co.uk) by no later than **10am on Monday 17 March 2014**. Entries will be reviewed by Consultants across Deloitte and the winner will be announced shortly after.

### Deloitte Consulting Recruitment
